Bi-Fold 17"x 8.5" SQUARE 4 Pages

Flat Size: 17" W x 8.5H

Your Submitted/Output File
One Single Multipage - (4) Pages
Each Page 8.75"x 8.75"
(includes the .125" bleed)

No Registration Marks
No Bleed or Trim
Marks No Color Bars

SAFE MARGIN: **Your file needs to include a 0.125-.25" safe margin necessary for production.** Safe margin is the area around the edge of the sheet. If the safe margin is not included in document setup, there is a chance that the art close to the edge will get cut off, due to machine shift during cutting. This happens because there is a tolerance when cutting the printed piece.

CUT LINE (FINISHED SIZE): **This is where your artwork will be trimmed.**

BLEED: **Your file needs to include a 0.125" bleed necessary for production.** Bleed is printing that goes beyond the edge of the sheet after trimming. If a bleed is not included in document setup, there is a good chance there will be a gap between the edge of the printed area and the cut line. This happens because there is a tolerance when cutting the printed piece.

FOLD LOCATIONS: **Not required will be generated with this file output**
