

Direct Mail Postcard - Standard Size

5.5" wide x 4.25" tall

Your Final PDF size should be

5.75" Wide x 4.50" Tall

See Below

SAFE MARGIN - Your file needs to include a 0.125" safe margin necessary for production. Safe margin is the area around the edge of the sheet. If the safe margin is not included in document setup, there is a chance that the art close to the edge will get cut off due to machine shift during cutting. This happens because there is a tolerance when cutting the printed piece.

CUT LINE (FINISHED SIZE) - This is where your artwork will be trimmed.

BLEED - Your file needs to include a 0.125" bleed necessary for production. Bleed is printing that goes beyond the edge of the sheet after trimming. If a bleed is not included in document setup, there is a good chance that there will be a gap between the edge of the printed area and the cut line. This happens because there is a tolerance when cutting the printed piece.
